Inspired by the bride's jewelry and traditional Mediterranean and Pakistani art, this custom east-meets-west invitation by East Six features bright colors and bold details. Ornate patterns and gold script lend a feeling of royalty and luxury, while a purple folder featuring a fuchsia bellyband hints at the excitement to come. *Shown here: "Arabian Jewel" folder with coordinating invitation, reply card with envelope, accommodations card, and directions; eastsix.com, 212.665.4846.*
